RE: **SB 292**

I am writing to express my support for SB 292. I am a Board Certified Behavior Analyst working for the Institute for Educational Planning in Milford, Connecticut. I urge you to pass this bill as soon as possible.

Licensure for behavior analysts is critical to individuals receiving applied behavior analytic (ABA) services within the state of Connecticut. Currently, there are 24 states that already have licensure including New York, Massachusetts, and Rhode Island. Licensure will protect consumers of services by providing additional regulation of the practice of ABA.

Sincerely,
